What is Overeaters Anonymous?

Overeaters Anonymous is a fellowship of individuals who, through shared experience, strength and hope, are recovering from compulsive eating. We welcome everyone who wants to stop eating compulsively. There are no dues or fees; we are self-supporting through our own contributions. We are not a diet club. Our primary purpose is to abstain from compulsive eating and compulsive food behaviors, and to carry this message of recovery to those who still suffer.

Honesty is the spiritual principle of Step One: Depending on our family of origin we may have learned to be dishonest in order to survive a difficult family situation. When it is not safe to tell the truth, we learn to lie. Keeping family secrets is common in homes with addiction. Maybe we needed to pretend that we had all the answers and "look good". With honesty comes our ability to admit our powerlessness and that we need help. There are many benefits to being honest, open and willing:

- Not being afraid of looking stupid if we ask questions
- Asking for support when we need it
- Admitting our problems instead of suffering in silence
- Not leading a double life
- Ability to see our lives with clarity
- Ability to learn from
